

NUMBER STRATEGIES

Stage 5-6

If a rugby team scored 20 points they could have got the following combination of points.

20 = 4 tries

20 = 3 tries, 1 conversion, 1 penalty/drop goal

20 = 2 tries, 2 conversions, 2 penalties/drop goals

20 = 1 try, 5 penalties/drop goal

Determine and record as many ways as possible of getting a particular score.
