

NUMBER STRATEGIES

Stage 8

What rugby records can you hold?

Try these rugby skills and keep a log of who beats them and when.

Copy the table into your maths book and update it when you or someone else in your class beats the record.

1. Number of successful kicks at goal until you miss.
2. Flicking the ball from your front, over your head and catching it behind your back.
3. Time for spinning the ball on your finger. (You will need someone to time this).
4. Keeping the ball off the ground by kicking it from foot to foot (Number of kicks).
5. Drop kicking the ball over the posts until you miss.
6. Come up with your own skill test and record.

Skill	Date & Record	Date & Record	Date & Record	Date & Record	Date & Record	Date & Record	Date & Record
