

NUMBER KNOWLEDGE & MEASUREMENT

Stage 7

1. Decimals are used a lot in sport. Match the decimal to the appropriate statement.

\$29.95	cost of a hotdog
3.7m	how fast I can run 100m
10.5ml	amount of medicine I had to take
1.89m	cost of my new rugby boots
12.4sec	time my game took to finish
1.2km	amount of petrol for my car
85.5kg	longest length of a rugby sprig
\$2.50	amount of fizzy I drank
50.65sec	my weight
1.25l	my time for 400m
\$200.56	distance I can jump
1.8cm	cost of rugby video
20.5l	distance I ran to school
1.5hr	height of an All Black

2. Where does the decimal point go so the sentence makes sense?

Webb biked 56km to the dairy

Rugger is 145m tall

William weighs 357kg

Alice's hair is 435cm long

Rugger spent \$345 on lollies today
